**Phạm vi ứng dụng:** Fieldgate FXA720 is a gateway with integrated Web server for communication with PROFIBUS devices. Within a control system, Fieldgate FXA720 ensures transparent vertical communication by acting as a simple passthrough gateway. A CommDTM allows it to be integrated into a FDT frame application such as FieldCare. For Web applications, the unit contains a Web server that generates HTML pages for viewing in a standard internet Web browser. It also offers XML data for e.g. Office applications.
