

Memocheck CYP02D

Meer informatie en actuele prijzen:

www.be.endress.com/CYP02D

Voordelen:

- Fast and easy on-site checks: Twin plug-in head simulates two different sensor statuses to verify correct installation or commissioning of the measuring point.
- Safety for your measuring chain: Checks signal transmission from cable coupling to the process control system.
- Manipulation-proof: Simulated data cannot be overwritten.
- Approved for hazardous area use.

Toepassingsgebied: Memocheck CYP02D is the service tool for fast and easy on-site checks of your measuring systems. The double plug-in head simulates two pre-defined sensor statuses. Memocheck is connected instead of the sensor and checks the complete measuring chain from cable coupling to the process control system. You can be sure that the measured values are transmitted error free.
