

## Portable turbidity meter Turbimax CUE26

Handheld meter for on-site quality control in drinking and process water applications

### Преимущества:

- Easy on-site verification of your processes
- Easy on-site verification of your online measurement loops
- Guided calibration according to predefined standards
- Waterproof for use in any wet environment
- Rugged carrying case containing everything needed

**Назначение:** Turbimax CUE26 portable turbidity meter offers grab sample measurement compliant to US EPA 180.1. It allows verification of your online turbidity measurements and control of your processes directly on-site. Operation is simple: fill the cuvette, insert it into the measuring chamber and get an instant reading. In addition, Turbimax CUE26 provides guided calibration according to predefined standards, helping to streamline maintenance.
