

Field Xpert SMT77

Universal, high-performance tablet PC for device configuration in Ex Zone 1 areas

More information and current pricing:

www.jp.endress.com/SMT77

Benefits:

- High-performance, robust tablet for use in Ex Zone 1 areas with a large 10.1" display and a battery runtime of up to 5 hours.
- Touch-enabled device configuration software with a direct link to the Netilion Platform for optimized plant asset management.
- Pre-installed device driver libraries for all of the important industrial protocols.
- Fast connection to devices with a single click thanks to automatic hardware detection, online application software and DTM/driver update service offer new functionality and maximum security.
- Integrated Heartbeat Verification incl. PDF documentation.
- Connection to Endress+Hauser Bluetooth and WLAN devices - perfect for difficult-to-access instruments.
- Recommendation: The **Library** application is a valuable supplement for Field Xpert. Library saves and organizes all your documents generated with Field Xpert in the Endress+Hauser Cloud making everything safe, up to date and available everywhere.

Field of application: The Field Xpert SMT77 tablet PC for device configuration enables mobile plant asset management in hazardous (Ex Zone 1) and non-hazardous areas. It is suitable for commissioning and maintenance staff to manage Endress+Hauser and third-party field instruments with digital communication interface. This tablet PC is designed as a complete solution that comes with pre-installed driver libraries and is an easy-to-use, touch-enabled tool used to manage field instruments during the entire life cycle.
